

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Respectfully,

VICTOR G. HEISER,  
*Assistant Surgeon.*

The SURGEON-GENERAL.

#### CHINA.

##### *Cholera at Shanghai.*

SHANGHAI, CHINA, *June 4, 1902.*

SIR: I have to report that during the last month there have been about 20 cases of cholera, cholerine, or disease with cholera symptoms among the foreigners of Shanghai. I hear from the missionary doctors that there are many cases of cholera amongst the natives in the Chinese city of Shanghai, in Soochow, and in the towns tributary to Soochow. It is impossible to get any accurate figures with regard to this matter. I will keep you posted each mail as well as I can in this matter.

Respectfully,

JOHN GOODNOW,  
*United States Consul-General.*

The ASSISTANT SECRETARY OF STATE.

##### *Cholera at Tangku.*

SHANGHAI, CHINA, *June 7, 1902.*

SIR: I have to report that we were informed yesterday by the customs here that cholera is epidemic at Tangku. The Russian consul-general
